IDENTOS

IDENTOS Software Development Kit (SDK) – End User License Agreement (EULA)

This is a legal contract between Customer's Business Name "you" and IDENTOS (hereinafter "IDENTOS") about the use of the provided software, application programs, program libraries, source code examples and documents, SDK hereinafter called "Licensed Material".

By installing and using the Licensed Material, you agree to all provisions of this Agreement without exception and without restriction. If you do not agree to the terms of this agreement, you may not install or otherwise use the Licensed Material.

1. **Subject matter of the Contract and scope of the Contract**

   A. IDENTOS grants you the non-exclusive, non-transferable right to install and use the Licensed Material under the following conditions.

   B. The license material is intended for the use of the developer of the licensee involved in the project. You may install all of the components of the Licensed Material on a single hard drive of a computer intended for your use.

   C. The installation and use may also be carried out on a network file server, if the license is exclusively used by the licensee.

   D. You may make a security copy of the Licensed Material.

   E. IDENTOS grants you the right to use the documented libraries for the development of your own application programs and to distribute the libraries exclusively together with your application programs without the granting of license fees, provided that these application programs are used to drive or operate equipment and/or systems, which are developed and/or distributed by IDENTOS.

   F. IDENTOS grants you the right to modify the source code of the provided program examples and to use it for the development of your own application programs and to distribute these application programs together with the libraries without granting of license fees, provided that

these application programs serve to drive devices and/or systems operated by IDENTOS and/or distributed.

2. **Protection of the Licensed Material**

A. The Licensed Material is the intellectual property of IDENTOS and its suppliers. It is protected by copyright, international treaties and relevant laws of the country in which it is used. The structure, organization, and code of the Licensed Material are valuable business secrets and confidential information of IDENTOS and its suppliers.

B. You agree not to alter, adapt, translate, reverse engineer, decompile, disassemble, or otherwise attempt to discover the source code of this Licensed Material.

C. Insofar as IDENTOS has placed protective notices, such as copyright notices and other legal provisions, in the licensing material, you are obliged to keep them unchanged and to copy them to all copies or partial copies you have made.
